# Assistant for Active Ageing at Home

Mid-term Presentation

**Projeto de Informática  
2023**

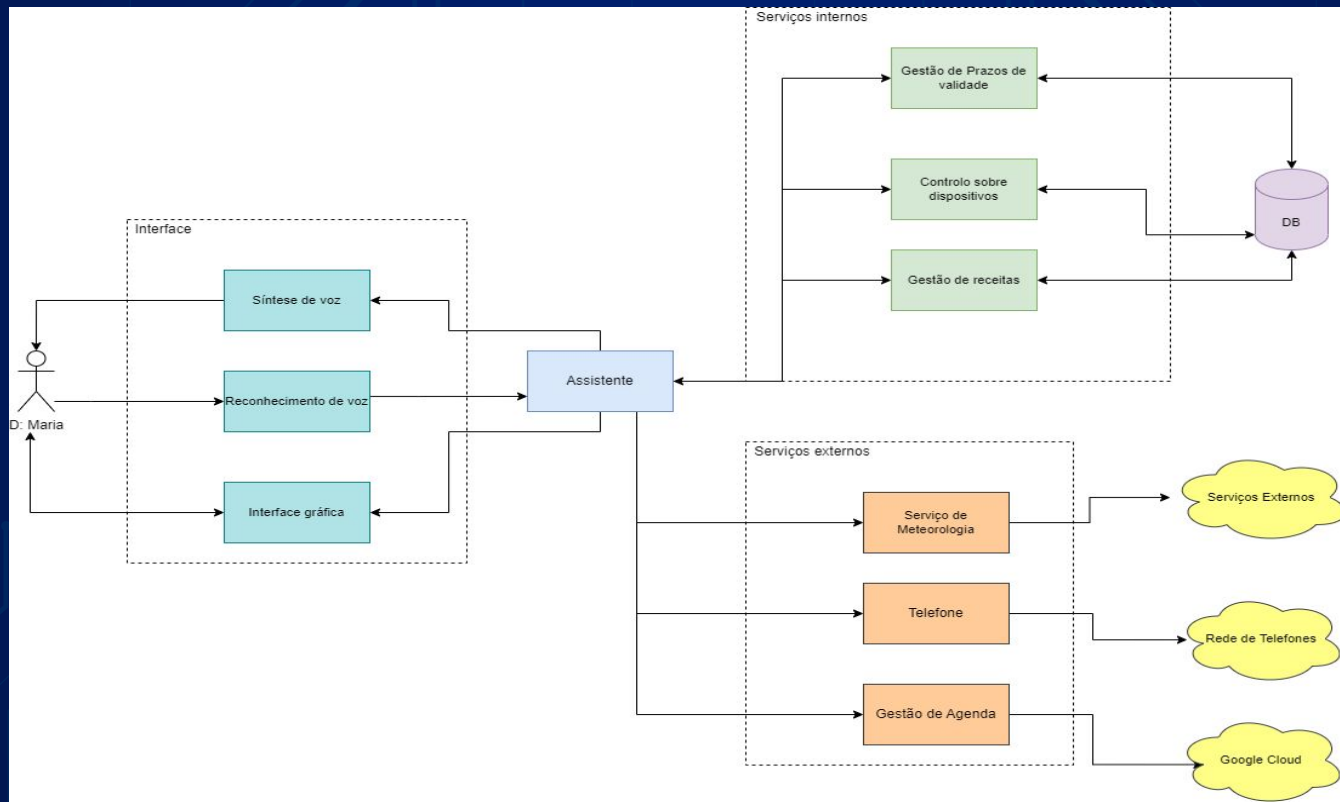

Bernardo Leandro	98652
Carlos Sena	81377
Diogo Silva	98644
Luís Martins	98521
Manuel Diaz	103645
Pedro Coelho	104247

# Overview

- 01** Work Progress
- 02** Difficulties
- 03** Updated Calendar
- 04** Future Work
- 05** Demo

# 01 Work Progress

# 01 Work Progress

Milestones/Main Tasks completed:

- Scenarios Refinement
- Get started with Rasa
- Utterances listing for weather, phone, agenda and lights modules
- Agenda module:
  - Rasa
  - Google Calendar API
  - Integration

## 02 Difficulties

Rasa framework

Google calendar API

2

[illegible]

## 04 Future Work

- Refinement of Agenda module.
- Implementation of remaining modules
  - Select frameworks
  - Rasa implementation
  - Integration with framework
- Implement voice interaction layer.
- Cover tasks debt

# 05 Demo

An abstract graphic on the left side of the image, consisting of a complex network of thin, light blue lines that resemble a circuit board or a digital signal path. The lines are interconnected in a way that suggests a flow of information or data. Some lines are thicker than others, and there are several small, glowing blue dots scattered throughout the pattern, possibly representing data points or nodes in a network.
